

Maths

In Maths we will begin the autumn term by learning about number and place value. This will be followed by units on addition and subtraction.

Towards the end of the term, we will explore geometry and shape and finally consolidate our knowledge in number and place value.

Throughout our lessons, we have an element of problem solving and reasoning. Children will apply their mathematical knowledge and use manipulatives and resources to demonstrate their understanding, deepen thinking and develop mastery.

PSHE

Our PSHE this term will have a strong focus on mental health and wellbeing. Our activities and discussions will focus on feeling safe and happy, reconnecting with friends, managing worries and fears and how to be positive and look forward to learning.

RE

In RE this half term our focus question is "How did the world begin?" We will be exploring a range of creation stories in imaginative ways, children present their own ideas using art and language.

English

We will be learning about a range of text types this term. These include:

- Recounts
- Instructions
- Letter writing
- Descriptions
- Information books

These text types will be used in a cross curricular manner across all subjects. We will also be following the **Read Write Inc. Scheme in Phonics.**

Science

Our topic this term is 'Everyday materials which will provide an exciting introduction to chemistry. It will allow us to explore the properties of materials, for example, which materials are waterproof, what materials to use when building a wall. We will learn important scientific skills such as questioning and observation and about how to use simple equipment to perform tests safely.

P.E.

This term we will be making the most of what is left of the good weather and enjoying our outside space. We will take a multi-skills approach to learning through activities that are fundamentals of movement. This approach focuses on the development of movement, balance and coordination.

Year 1 Autumn 1

Curriculum map

Computing

We will explore the technology around us and how it helps us. We will develop our keyboard and mouse skills.

Music

In music we will learn and experience what is meant by a PULSE or a steady beat. We will explore how to keep a pulse using actions whilst singing a song, and explore how to follow a changing tempo.

Art

This term we will spend time learning about spirals. Children will begin to explore mark-making and experiment with how they can use the marks they make in their drawings.
