

We are an inspiring learning community with high expectations, where all feel safe and happy and everybody has the opportunity to unlock and realise their potential

Dear Families,

Half Term Holiday Test & Trace Arrangements

You may or may not be aware that NHS Test and Trace does not deal with school cases – this is down to individual schools to manage. Therefore, as we break for the half term, it is important for you to familiarise yourself with reporting arrangements for children and family members who are symptomatic or who receive a positive test result during this period.

The school office will be closed so that staff can recharge their batteries - staff email addresses and the school phone will not be manned or routinely monitored during the break.

If your child or a member of your household develops symptoms or has a COVID-19 test, please contact:

07904 371035
our dedicated Test and Trace number

This number will be operational up to and including 21st February. It should only be used to report COVID-19 symptoms or testing and for no other reason.

Please contact the above number by text or telephone with the following information:

Child's name
Child's class
Date symptoms began
Whether a test has been carried out and if so when
Test result details (if any)

Where possible, I would urge you to use Local Testing Sites and Mobile Testing Units rather than home testing kits. This is because results are returned much more quickly from these centres (within 48 hours) rather than the longer periods that are currently being experienced with home testing kits. A member of school staff will then be able to co-ordinate any efforts required to advise close contacts and school bubbles.

Please do continue to follow the latest tier guidance and requirements, so that you keep yourselves safe and well during the half term break. Thank you for your support with this.

Kind regards

Miss Stockley

Headteacher Livestream

Please find attached the Headteacher Livestream Powerpoint from Wednesday 10th February.

Stars of the week

To all our Stars, thank you for your continued dedication to learning at home. You are an inspiration!
Congratulations!

Class	Stars of the week	Description
Rothko	Danyal and Sami	For brilliant work on number bonds and for making a good start on DoodleMaths. Fabulous!
Mondrian	Ishana	For working super hard this half term and always joining in and contributing to our live storytime sessions. Thank you and well done Ishana!
Matisse	Onyx	For showing a great improvement in his learning over the course of the half term and putting in a great effort.
Picasso	Ollie	For continued participation in live sessions – you are always prepared to contribute with something relevant or thoughtful. It is much appreciated by me and the rest of the class.
Blake	Taylah	Your confidence and engagement in your learning has grown. We are so proud of you Taylah. You are such a positive contributor to our learning.
Shonibare	Kotaro	Kotaro, you have been a super star this term. I am so proud of your determination to succeed in all areas of your learning through this difficult time. You are an outstanding young man.
Riley	Charlie	For making an excellent and rapid start to Doodle and pushing himself into his green zone!

Hounslow EU settlement service

Do you need help with your application?

All EU, EEA and Swiss citizens living in the UK before 31 December 2020, and their families, can apply to the EU Settlement Scheme to continue living in the UK after 30 June 2021. The deadline for applying is **30 June 2021**.

Most people can apply online at [gov.uk/eu-settled-status](https://www.gov.uk/eu-settled-status), but for those who are vulnerable or have other questions, free and confidential support is available through Hounslow's Citizens Advice.

Call **0808 278 7830** or email referrals@hounslowcabs.org.uk

The service offers access to free immigration support for vulnerable residents to apply for settled or pre-settled status in the UK.

Vulnerable residents include:

- Victims of domestic violence
- Victims of modern slavery and human trafficking
- Children and young people living in care
- Disabled/seriously ill people
- Residents in care homes
- Homeless people

What is the EU Settlement Scheme?

If you are an EU, EEA or Swiss national then the Settlement Scheme allows you and your family members to continue to live, work and study in the UK after we leave the EU.

Registration also means you will remain eligible for:

- Public services, such as healthcare and schools
- Public funds and pensions
- British citizenship, if you want to apply and meet the requirements

Christ Church QR Coded Trail

I am writing to let you know about an activity for anyone in the local area and would work well as an RE lesson. Christ Church W4 have put on a QR coded trail around the heart of Chiswick - there are 12 QR codes to find and the opportunity to win a prize at the end. The trail starts on the front door of Christ Church Turnham Green - scan the first QR code and away you go. At each QR code there will be a fun fact, a bit of the Easter story, a brief reflection and then a puzzle to solve (there is a hint option to press if they struggle)! So lots of fun and a geography and RE lesson roles into one!

The trail starts on Tuesday 16th February and ends on Friday 2nd April.

They will of course need a phone that can scan.

Please share with your families too especially as many will continue to learn at home.

Healthy Eating and Oral Health Parent Workshops

You are invited to join our free online parent/carer workshops!

It's absolutely essential to look after our teeth especially during the Covid-19 pandemic. These informal sessions will give you information, knowledge and ideas on how to make healthier choices for your children and family.

Topics covered:

- Brushing techniques
- How to protect our teeth from sugary snacks
- Sugar awareness and healthy snacks
- Tooth-friendly foods and drinks
- Advice on visiting the dentist
- And much more!

Join our virtual workshops:

Date & Time	Zoom Link & Passcode
Tuesday 23.02.2021 at 10:30 AM	Click on the link below and enter the passcode: https://zoom.us/j/7714597430?pwd=Wl6OHZDSWhYeY0bkRwTzkySjF4dz09
Wednesday 24.02.2021 at 13:30 PM	
Monday 01.03.2021 at 11:30 AM	Meeting ID: 771 459 7430 Passcode: Teeth1
Wednesday 10.03.2021 at 13:30 PM	

Ghalia the Oral Health Promoter will be there to answer any questions you may have on your child's dental health.

KEW HOUSE SCHOOL

Virtual Open Evening at Kew House School
6pm on Wednesday 3rd March, via Zoom
For Year 5 pupils and parents

Will Williams, our Headteacher, will give an introduction to Kew House School and will be answering questions regarding the transition from Prep/Primary to Secondary School, drawing on his experience at a range of schools from St Paul's Boys' to Wellington College.

Join us for an evening of information and inspiration!

Please visit the address below to book.

<https://www.kewhouseschool.com/admissions/open-events-booking>

Dear parents, carers and guardians,

I am delighted to be able to let you know that every child in the school has now got their own Doodle account.

Doodle is a fun, engaging and interactive learning program designed to allow children to confidently develop their fundamental skills in English and Mathematics by completing 10 minutes of learning per day. Doodle employs intelligent software, known as Proxima, which is able to adapt to your child’s strengths and weaknesses and provide a series of learning experiences and tasks which ensure that each student remains in their **zone of proximal development** (an area of combined challenge and secure knowledge that stimulates the greatest progress in learners).

Children can earn “stars” as a result of completing their daily tasks. These stars can then be spent on modifying their own, personal avatar. Doodle rewards effort: daily Doodlers aim to remain in their “green zone”. This indicates to each student that they are putting in just the right amount of effort and are being exposed to just the right amount of challenge to be able to sustain their progress.

Logging in to Doodle every day for 10 minutes allows children to confidently develop their fundamental knowledge in English and Maths, which in turn provides them with the confidence and skills needed to pursue more complex and stimulating learning in the classroom.

As a school, we shall be celebrating the class with the highest percentage of students in their green zone on a weekly basis and as we move forward, we shall celebrate individual students who are using Doodle effectively to move their learning forward.

You can help with your child’s development by encouraging them to complete their daily Doodle. Ask them about the tasks and challenges they have completed and discuss their progress towards staying in the green zone. You can also attach your e-mail account to your child’s Doodle account to be able to track their progress and see how they are getting on.

I have attached two documents that explain how to set your child’s Doodle account up and also how you can link your e-mail address to your child’s account.

We look forward to seeing the children getting stuck into their daily Doodle!

Yours sincerely,

Mr Barker (STEM Leader of Learning)

Claim your 3 Months' FREE access to the Parents Portal

[Claim Here](#)

Hello,

I hope you and your team are well during these testing times.

As a way of supporting young people across the country, we would like to offer your parents the opportunity to have 3 months' free access (no obligation) to our amazing new online parent portal.

Here is all you need to send to your staff and parents to get them up and running:

This link takes you straight to the page where they can create an account for their **FREE three months' access - Parents Portal FREE Access**.

I have attached a useful image below for your staff/parents to assist with creating the account – it's super simple.

HOW TO ACCESS THE PARENTS PORTAL

STEP BY STEP

- 01** Go to <https://commonjoes.co.uk/product/3monthslearning/>
- 02** Click on the subscription you want i.e. 1 child, 2 children, 3 children etc.
- 03** Add to basket
Click **view basket**
- 04** Click **proceed to checkout** and input your details. Enjoy

FAQS ABOUT YOUR RAPID (LATERAL FLOW) TEST

What is rapid asymptomatic (lateral flow) COVID testing?

They are one of the tools we can use to reduce the risk of transmission of coronavirus (COVID-19). Lateral flow antigen tests are a new kind of technology that could be used to test a higher proportion of asymptomatic people, better enabling us to identify and isolate more people who are at high likelihood of spreading the virus, and break the chain of transmission. Rapid COVID testing, also known as a lateral flow test, gives a positive or negative COVID result in approximately 30-40 minutes. These tests are safe, inexpensive and do not require a laboratory to process the results.

We want to test as many local people as possible which is why we have opened locations in Hounslow where you can be tested for COVID.

Can I get a test if I have been identified as a close contact?

No, lateral flow testing is not currently available for anyone identified as a close contact by NHS Test and Trace. If you have been identified as a close contact, you are legally required to isolate at home for 10 days. If you do develop symptoms you will need to book a PCR Test via www.gov.uk/get-coronavirus-test or by calling 119.

Examples of close contact include:

- Close face to face contact (under 1 metre) for any length of time – including talking to them or coughing on them
- Being within 1 to 2 metres of each other for more than 15 minutes – including travelling in a small vehicle

Why should I get tested if I don't have symptoms?

Around 1 in 3 people do not have any symptoms, but still pass it on. The rapid tests are a tool to support the efforts to control the spread of coronavirus by helping to identify residents who do not have symptoms but are passing the virus on. These tests are not for people with symptoms. If you have symptoms of coronavirus (high fever, new, continuous cough OR loss of taste or smell), book a PCR test.

I have symptoms, why can't I get a rapid test?

The rapid tests are not as effective as the PCR tests, and sometimes they do not capture positive cases. If you have symptoms, you must get a PCR test to confirm whether you are positive. The rapid tests are one of the tools we are using to catch more cases to support PCR testing.

Understanding your results

Rapid (Lateral Flow) Testing

For more information visit hounslow.gov.uk/coronavirus

What if I do not get my result?

This can happen due to processing errors with the device. If you have not received a result after over two hours, please rebook a new test and let us know when you arrive that you are taking a re-test.

How often can I get a rapid test?

If you are a key worker and continue to work outside of your home throughout lockdown, we suggest getting tested weekly.

Which test centre sites in the borough are for rapid tests and which test centre sites are for PCR tests?

Symptomatic Testing – PCR Test sites

There are daily testing bookings available at Padstow Walk in Feltham, Brabazon Road in Heston, or Regional testing at Heathrow and Twickenham.

You can also order a home test to be completed from your home or you can book a test at the Mobile Testing Unit which is in Hounslow every 3 days.

Book a symptomatic test at www.gov.uk/get-coronavirus-test or by calling 119

Asymptomatic (no symptoms) testing – rapid LDF test sites

You must not have symptoms to attend either Rapid Asymptomatic testing sites. Book an asymptomatic test at hounslow.gov.uk/rapidtest or by calling 119.

Locations:

Hounslow House 7 Bath Road Hounslow, Middx TW3 3EB	Heston Library New Heston Road TW5 0LW
Wellington Day Centre 292 Staines Road Hounslow TW4 5BA	Isleworth Library Twickenham Road Isleworth TW7 7EU

Who are the rapid LFD tests for i.e. is it just key workers or can anyone be tested?

The rapid LFD tests are for residents or people who work in Hounslow, particularly, key workers and their household. If you can't work from home, or if others in your household still go out for work, you can get a rapid LFD test regularly, even if you haven't got symptoms.

Are the tests free?

Yes!

How old do you have to be to get a Rapid LFD Test?

For these tests, you have to be over 18. If you need a test for someone under 18, book a PCR test at www.gov.uk/get-coronavirus-test.

Do I need to be tested (with a rapid test) if I've already had coronavirus?

If you have tested positive for Coronavirus through symptomatic testing (PCR) within the last 90 days, you do not need to be tested. If it has been over 90 days since your last positive test, you can take a rapid test again.

How accurate are the rapid tests?

Rapid (Lateral flow) tests used by the UK government go through a rigorous evaluation by the country's leading scientists. This means they are accurate, reliable and successfully identify those with COVID-19 who don't show symptoms and could pass on the virus without realising. Lateral flow tests can return results within 30 minutes, without needing to be sent to a lab. As this is a new programme however, if you test positive on a rapid (lateral flow) test, you are still required to book a PCR confirmatory test. There is a chance of a negative test not being totally accurate. It is important that, even if you test negative, you need to take the same precautions including hand hygiene, wearing a mask, and social distancing.

Parent/Guardian: What to do if your child or someone in your household has symptoms of COVID-19

COVID-19 SYMPTOMS

At this time of year we expect colds and similar viral infections to circulate. To be clear the symptoms for COVID-19 are: Raised temperature (>37.8), a new continuous dry cough (coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours), a loss of taste or smell (cannot taste or smell anything, or things taste or smell different to normal). Your child only needs to have one symptom to stay home and seek a COVID-19 test. If you child has a runny nose and sore throat (without any of the COVID symptoms) they do not need a COVID-19 test.
