

We are an inspiring learning community with high expectations, where all feel safe and happy and everybody has the opportunity to unlock and realise their potential

Message from the Headteacher

As we head towards the half term break, everyone is starting to feel a little bit weary – the children and staff have worked their absolute socks off, making up ground following partial lockdown last year. We are all digging in deep, holding on to our sense of humour and delighting in the progress that the children are making. I am so proud of them all and feel truly privileged to work in such an amazing school.

You will find information attached from the London Borough of Hounslow regarding the increased COVID-19 restrictions that commence from midnight tonight as we enter Tier 2. I would ask you all to please take these on board and play your part in keeping our Borough safe. As a school, we are constantly reviewing our risk assessments and plans for remote learning, so that we can continue to operate effectively for our community.

On Wednesday, you will be receiving ballot papers and information about the forth-coming parent governor elections. Please keep an eye on your child's book bag for the papers. We are very fortunate to have two excellent candidates and I know that our governing body will be enriched as a result.

You will remember that a couple of weeks ago I spoke to you about a wonderful contribution from Miles Early, a past pupil, and our plans to use this to kickstart a fund-raising campaign that will help us to enrich our computing and design technology curriculum. We have decided to proceed with fund-raising for Lego Education resources on the Rocket Fund platform and are in the process of setting this up. If you would like to find out further information, or to make a contribution, we will be sending out a parent-mail on Monday.

Have a great weekend.

Miss Stockley

Stars of the Week

The children below have demonstrated the Hogarth attributes and values throughout the week. All of the children this week have shown ambition and how **ambitious** they are.

H – Happiness **O** – Optimistic **G** – Generous **A** – Ambitious **R** – Resilience **T** – Togetherness **H** – Hard – Working

Rothko	Sami	For trying hard to do well at all activities and being ambitious.
Mondrian	Lilliana	Liliana is very ambitious and wants to do her very best. She always contributes to the lessons and has lots of great ideas which she shares readily.
Matisse	Terence	Terence has demonstrated his desire to improve his reading this week and has high ambition across his learning. I'm sure Terence can reach any goal he sets himself!
Picasso	Bruke	Bruke has been a quiet but ambitious presence since the academic year began. He has excellent listening skills, able to take on board feedback and always puts those next steps in place to great effect. Very well done Bruke - you will go far with this attitude!
Blake	Taylah	Taylah is determined to do well in her studies. Whenever a new challenge is set, her ambition ensures that she strives to achieve whatever is being asked of her. Well done Taylah. You are making us all very proud!
Shonibare	Kotaro	His all-round ambition inspires the class. No matter what we do, Kotaro throws himself into the task wholeheartedly. He'll often research topics of his own volition. Well done Kotaro you are AMAZING!
Riley	Caleb	For outstanding ambition in the invention of electrical circuitry.

Next week is

‘William Hogarth’s Walk to School Week’

19th-23rd October 2020!

The walk to school campaign is organised by Living Streets, a national charity that promotes walking to school. Each year, Living Streets sets children across London the challenge of walking to and from school.

It’s been proven that children who do some form of exercise, especially a walk before school, do better in class because they arrive refreshed, fit and ready to learn.

We want you to walk, scoot, cycle or even bunny hop to school as long as you try to leave the car at home or part of the way! Each class will be keeping a chart of who is making their way to school by foot. And there will be badges to win at the end of the week.

If you take pictures of yourselves making your way to school, we might even put your picture in the school newsletter or post it on Twitter - so get those feet ready for next week!

A Big Thank You!

Our MacMillan coffee morning take away event held at the end of September raised £249.11.

This will make a big difference for MacMillan cancer support.

Hello everyone from Year 4, Blake Class.

We have made a blistering start to our learning this year and cannot wait to share it with you.

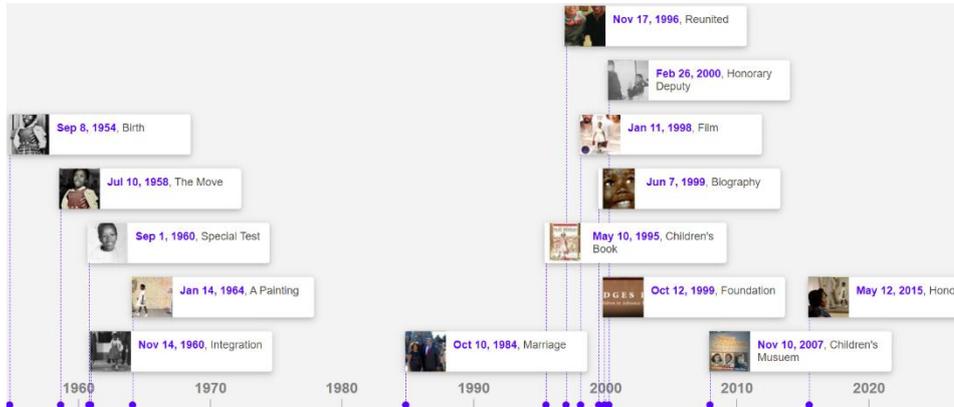

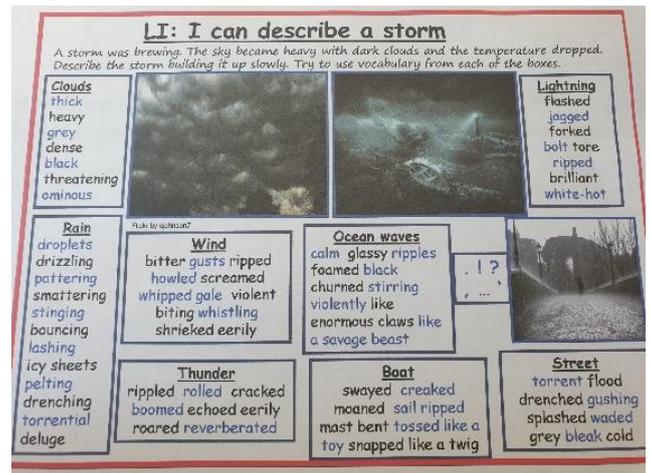

Maths

In Maths this week, we have continued to consolidate our addition and subtraction skills. We focused on working in steps and selecting phrases that help us when working out word problems. We then faced a short impact assessment to see how much progress we had made!

Communication

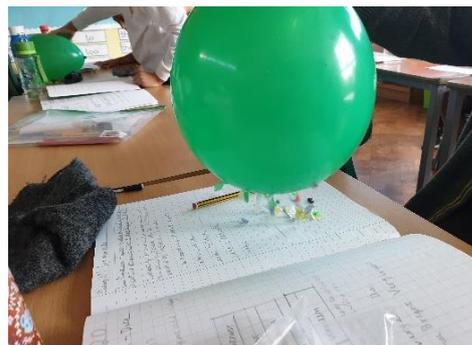

Having completed a piece of writing describing settings last week, our attention turned towards the life of Ruby Bridges. This is a key element of our Black History Month learning. Ruby was the first African American child to enter a school after integration laws were passed in New Orleans. We decided that she exemplified some of our own Hogarth attributes such as ambition and resilience throughout her struggles.

In Grammar, we concentrated on our use of apostrophes for contractions and singular possession.

Science

Having completed a write up of our science experiment, we continued to build circuits and examine what happens when switches (breaks) or extra bulbs are added.

Year 2

Matisse have begun the year with a focused and resilient attitude to school life. All the children have been curious in their learning and supportive of each other in getting back to their routines. Matisse have dived into their topic 'Land Ahoy' and have especially enjoyed learning about some terrifying and deadly pirates such as Blackbeard. The children have added to their skills base by closely observing photographs, creating timelines and operating maps.

The class have truly impressed with their writing pieces. Writing detailed, dramatic stories based on the lives of fictional and real past explorers. Matisse are currently exploring 'The Snowy Day' as part of Black History Month and will produce diary writing and inspired artwork. The class are also loving Harry Potter during story time!

The William Hogarth Amazon Wish List

A **big thank you** once again to everyone that has already ordered something from our Amazon Wish list for the school. This week we have received a massive **£168.56** of resources. Hopefully you are seeing that there is plenty of choice on the wish list both in terms of cost and items. We are astounded by your generosity! Remember that the list is updated regularly so it's worth having a look any time.

If you have had problems trying to order something and a message is displayed 'Marketplace items cannot be sent to Gift Registry addresses' you will need to add the school address in as a new address: The William Hogarth School, Duke Road, W4 2JR.

As a school there are always many resources that we need or would like to purchase to give children full and exciting learning experiences.

In view of this, we have set up a Wish List on Amazon. If you would like to support us and purchase something that the school really needs, then this is a direct way that is a hassle free and quick to do.

You can either click on this link:

https://www.amazon.co.uk/hz/wishlist/ls/2IVG1DX99BDC7?ref=wl_share

Or, alternatively, when you are shopping on Amazon, search for The William Hogarth Wish List and it will show you all items that we would like as a school. We may have multiple items of the same thing, so please only purchase what you can afford.
