We are an inspiring learning community with high expectations, where all feel safe and happy and everybody has the opportunity to unlock and realise their potential

Message from the Headteacher

Dear Families,

I am excited to let you know that we have been invited to participate in a research study being conducted by Imperial College London. The study is investigating the link between children's physical activity and their overall health and wellbeing. Children in Year 1 will be invited to take part in this exciting research project which will operate a little bit like the BBC documentary "Child of Our Time" in that the same datapoints will be collected annually for the children taking part. Full details about the study will be provided to Year 1 parents, so that they are able to make an informed decision about whether they want their child to participate.

Year 6 will be sitting mock assessments next week to help us understand how much progress they have already made this year and where the learning focus needs to be in the run-up to Christmas. Year 2 children are due to sit the phonics screening check over the next few weeks – this would normally have taken place during the second half of the summer term, but was

postponed by the Department for Education, given disruption to learning as a result of COVID-19. The children have all worked so hard and I have every confidence that they will sail through successfully.

Just a reminder that our wonderful newspaper club has published their next set of articles. Once again, these are on the website for you to enjoy. I believe there are still some spaces in this club so please contact the office if your child would like to be involved.

The Eco-Committee have fulfilled their first 3 orders from their online second hand uniform shop. Running this online business is such an incredible opportunity for the children, helping them to develop range of real-life skills including building financial literacy – all whilst supporting recycling. I would definitely encourage you to have a look at the Eco-Committee's online marketplace and take on board their message of "***Relove your stuff!***" The online shop can be found by heading to <https://app.uniformd.co.uk/items/40>. The online shop forms part of the Eco-Committee's strategy and action plan in working towards the internationally recognised Green Flag Award – I know you will be keen to support the children, especially as all funds raised are targeted towards improving the school playground.

Information from Public Health England indicates that we need to continue to be vigilant in terms of COVID. In school, we continue to take steps to mitigate the risks presented and I would encourage you to continue with this at home too, whether this be taking regular lateral flow testing, wearing masks when out and about etc. This will help us to all stay fit and healthy in the run up to Christmas, especially during a season which is always rife with flu, and coughs and colds. We know that we have some families who have contracted COVID and we wish them a speedy recovery.

Wishing you all a lovely weekend.
Miss Stockley
