

Mathematics

As mathematicians, we will be consolidating our multiplication, division and measuring skills. We will continue learning our number facts and times tables.

We will be focusing on the place value of numbers up to 10,000. We will use this knowledge to mentally solve multiplication and division problems. We will also learn about the properties of 2D shapes, identifying different angles.

How can you help? Please practice our focus times tables with your child at least twice a week.

P.E.

We will be improving our ball skills. We'll be learning to throw and catch with control to keep possession and score goals. We will work on improving our awareness of space and use it to support team-mates and to cause problems for the opposition.

Learning and using rules and be able to explain why it is important to warm up and cool down. We will also learn to identify when a player has moved to help others and apply this new knowledge to our own skills.

English

As readers and writers, we will be developing a range of skills linked to our writing, spelling, grammar and vocabulary. We will be studying the features of instruction writing for recipes. We will be reading about 'Escape Pompeii', which will result in us creating a setting description, a recount diary entry and a newspaper report.

We will also use our research skills to help us write non-fiction information books about the gods of Ancient Rome.

Key Topic Vocabulary

Romans, gladiator, colosseum, aqueduct, mosaic, Julius Caesar, baths, coins, soldier, toga, standard, villa, slave, chariot, sewer, barbarian, Parthenon, basilica, amphitheatre.

Roman Gods

Diana, Mars, Mercury, Jupiter, Venus, Saturn, Apollo, Cupid, Neptune. Pluto & Uranus.

Year 4 Roman Britain

D&T / Art

In Art and D.T. we will complete our Peter Blake style pop art and improve our mastery of art and design techniques, including drawing, painting and sculpture with a range of materials.

PSHE

We will continue to study the attributes of the William Hogarth School with a special focus on building a sense of resilience. We will also study Growth mindsets and our new way of life in school post lockdown.

Religious Education

In RE we will be learning about Judaism and the different beliefs and practices.

We will especially be focusing on the Jewish practice of Shabbat.

Science

As Scientists, our learning will focus on electricity. During this topic, we will ask questions such as, 'Does sound travel through different media?'

History

We will be learning all about Roman Britain. We will learn how Rome was formed and what it was like to be a part of Roman society. We will also discover how the Roman army grew to become so powerful and will learn about the Roman invasion of Britain!

Computing

As computing experts, we will use a search engine to complete our research on Roman Britain. We will also explore databases, discovering why they are useful and ultimately designing our own.

Music

As musicians, over the year, we will learn about composition. We will sing and play untuned percussion instruments, and the glockenspiel. We will even perform choral arrangements!
