

# Learning Kit

We are pleased to advise you that Learning kits will be available for students or parents/carers to purchase from 2:45-3:45pm on Friday 30th June 2023 (Common Induction day).

Learning Kits cost £17 and will need to be paid for in cash on the day. Learning Kits are a convenient way for parents to ensure their child is organised and prepared for every lesson at William Perkin.

If you are unable to purchase the Learning Kits on this day, all items will be available from Student Services in September. These items are also available to purchase from external retailers. Please kindly note the correct codes for the calculator and dictionary.

- ◆ 1 x Maths Geometry Set (includes a compass, set squares and a protractor)
- ◆ 1 x Scientific Calculator (Casio fx-85GTX)
- ◆ 1 x French Dictionary (Collins Easy Learning French Dictionary - ISBN: 978-0-00-753096-0)

Please be advised that students will also require colouring pencils or felt tip pens, school scissors with rounded edges, a USB key, a padlock for their locker, a reading book, clear book covering and plain/lined paper for homework. These items are widely available in supermarkets and stationery shops. In additions, a Black Art Sketchbook will need to be purchased from the school in September.

The William Perkin Learning Kit is not a compulsory purchase so parents and students may buy their stationery from other retailers but kindly note that all of the items listed above are required as part of the Monday Morning equipment check (the calculator and French Dictionary must be as specified above. Different specifications are not suitable).
