

Cashless Catering & Parent Pay Help

What is Cashless Catering?

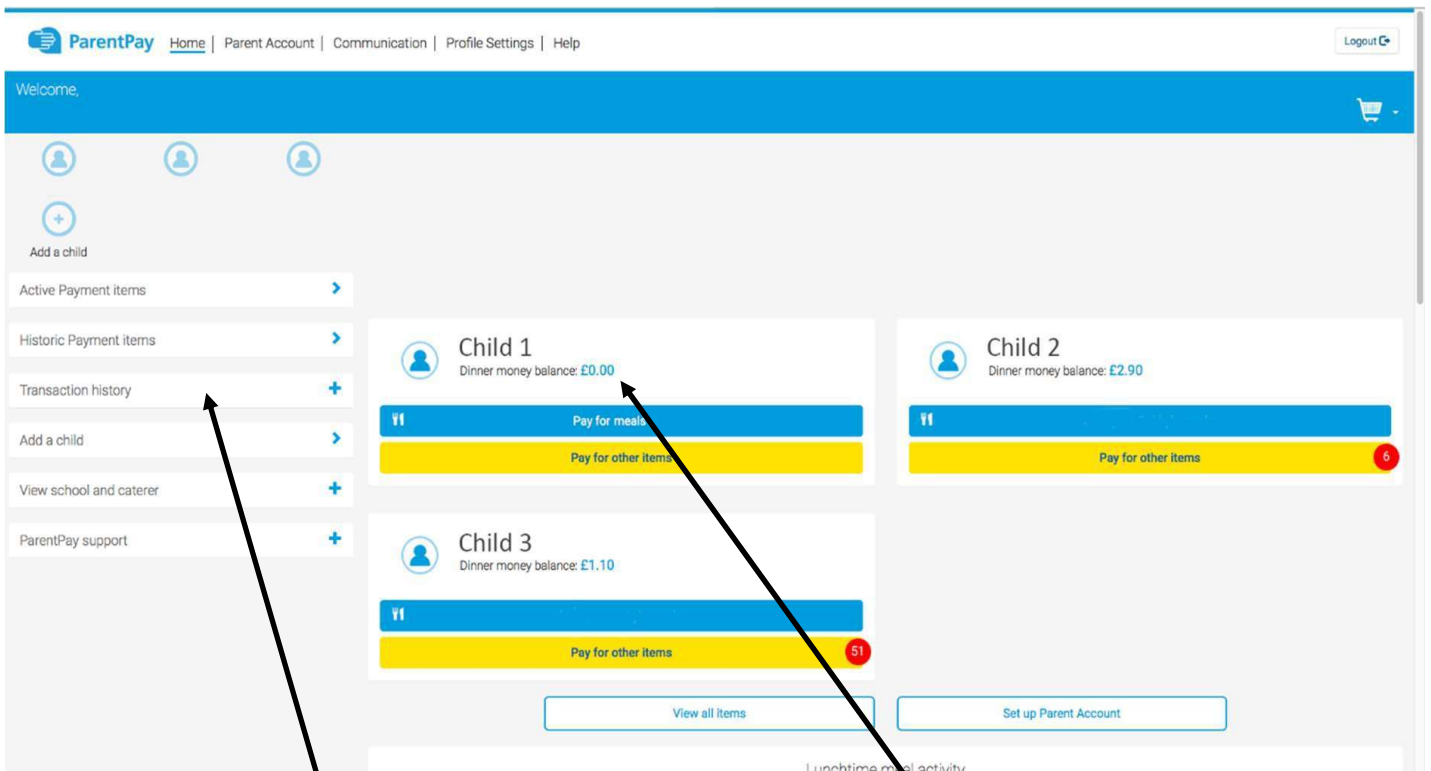

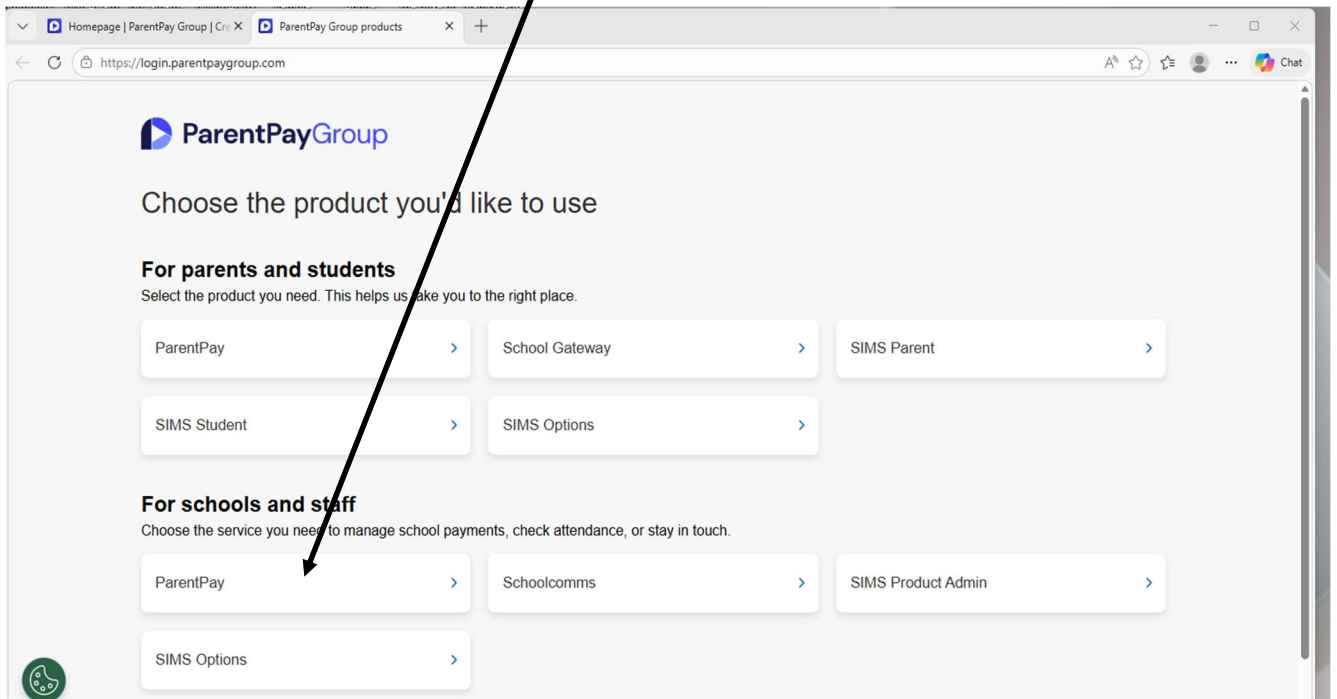

Cashless Catering is William Perkin CofE High School's way of managing purchases made from the café. Students and Staff do not have to worry about carrying cash to pay for food and drink during breakfast, break-time, lunch-time or after school. Instead, we use a biometric system that allows students (and staff) to pay for food and drink from the cafe by placing their index finger on a reader – this brings up the student's account balance, the student then scans the purchase (supervised by the cashier) and the cost is deducted from the student's account.

What is Parent Pay?

Parent Pay is a convenient, online system that allows you to pay for your child's food and drink from the café, music lessons and school trips. Payments are made over the internet and parents will have been provided with login details by letter from Student Services. Parents should create a username (this should be their email address) and a memorable password so that they can continue using Parentpay in the future. This is what the ParentPay Homepage looks like.....

Then select Parentpay as below.....

Parents are able to view their most recent payments in this section (Transaction History)

Parents are able to view their child's lunch money balance here

Can I be notified if my child's lunch money balance is low?

Yes, by pressing the "View All Alert & communications" button towards the bottom of the main screen, parents can set email or text alerts so that they can be reminded to keep their child's lunch money balance topped up at all times.

Alert settings

Receive automated alerts from your account by email and SMS text message. Balance alerts are not available in all schools.

Balance alerts are available in all of your schools

Top up your ParentPay Text Balance via Pay for Items to receive automated text alerts. You can still save your alert settings, but no automated text alerts will be sent until your account is credited.

The school may still send you texts using the ParentPay Communication Centre™.

- Register your [emails](#) and [mobile phones](#)

Balance alerts
Max. every 2 days, when account balance reaches the level set by you.

New item alerts
Max. once a day, when school creates a new payment item for your children.

Payment alerts
When school receives a cheque, cash or PayPoint payment for your child.

Message alerts
Sent as a text, to inform you when your school sends you an email through the ParentPay Communication Centre™.

 By choosing to receive 'Email' or 'Text' alerts, you are opting into receiving communication from ParentPay in relation to the balances of your chosen items, based on the threshold that you provide. We may use third parties for the delivery of text and email messages.

Once you have logged in, you will see this welcome page.....

How do I add funds to my child's lunch money?

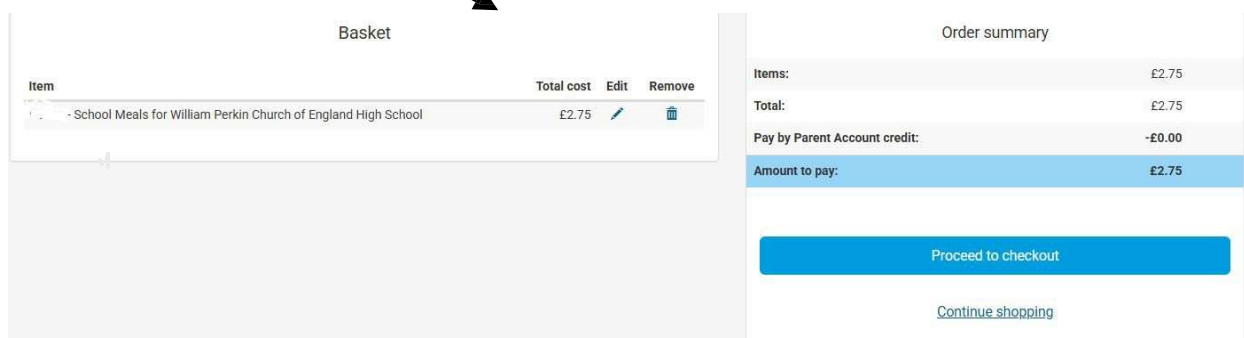

It is really easy to top-up your child's lunch money. It's just like internet shopping! The process is explained below:

Step 1: Press the "Pay for Child's meals" button

Step 2: A pop-up box will appear. Parents should enter the amount they wish to add to their child's school meals account and then press the "add to Basket" button.

Step 3; Your school meals money will now appear in your shopping basket. From here you can edit the amount, continue shopping (if you need to pay for music lessons or a school trip at the same time) or press the "Proceed to checkout" button to complete

Step 4: follow the online payment instructions to complete the transaction. Parent Pay accepts Visa, Mastercard and American Express. To avoid delay in the payment reaching the account please select "**Other payment method**". If you opt to use the One Click Payment Service, which is a Direct Debit service, this can delay funds reaching your child's lunch account.

Order summary	
Items:	£2.75
Pay by Parent Account credit:	-£0.00
Left to pay:	£2.75

Other Frequently Asked Questions

How often should I top up my child's account?

Parents have a choice in this matter, but it is recommended that weekly payments of £15-£25 per child are made.

How do free school meals work?

Each student who is eligible for free school meals will automatically receive a credit of £3.00 on their account each day. They can use this to purchase a meal from the Café at lunch time only. If you would like your child to purchase additional food and drink at breakfast or break time, you will need to add funds to their account via Parent Pay (see next FAQ below).

My child receives free school meals, but I want to give them some extra money. Can I still do this?

A free school meal student's account can be topped up in the same way as any other accounts. Topped up funds can be spent when the student chooses, either at breakfast, break, lunch or after school. The free school meal element can only be spent at lunchtime.

What will happen if my child's free school meal entitlement has expired?

It is the parent's responsibility to apply for free school meals. If the school has not received the correct information, we will be unable to provide a free meal and any purchases from the café will have to be paid for.

I have two children at William Perkin CofE High School can I top up both accounts at once?

You will initially be issued with one login for each child. These can be merged within Parent Pay by using the "Add a Child" function. You can then make one payment to top up any number of children.

What if the student does not have sufficient funds in their account to pay for a school meal?

If students have a balance of zero – they will not be permitted to purchase any food. It is important that accounts are always kept in credit and up to date. Alerts can be set-up in Parent pay to alert you when a student's lunch account falls below a pre-set balance.
