Thursday 17th April 2025

Farewell to Mrs Webster and Miss Revill

Dear Parents and Carers,

It is with mixed emotions that I must announce that Mrs Webster has decided to retire and that her last day at Wisewood will be Friday, 25th April. Mrs Webster has been an integral part of our community, and as front of house, is the first person that most of you will have met when joining our school. Having been with us for over 24 years she's definitely earned the rest and should probably receive a long-service medal.

She will be sorely missed by all of us who have had the pleasure of working alongside her. However, we are delighted that she now has the opportunity to enjoy this new chapter of her life surrounded by family and friends. She will always be welcome her back to visit, and we hope to see her at various events in the future. (She'll now not have to worry about getting someone to cover the front desk so she can watch the Nativity performance.)

Should you wish to send a personal message to Mrs Webster, please keep in mind that her last day is fast approaching. We will be holding a celebratory assembly for Mrs Webster on her last day.

In addition, we extend our best wishes to Miss Revill, who will also be departing next week to pursue an exciting new career in engineering. We are grateful for her contributions and know she will excel in her future endeavours.

Rest assured, we have already recruited to fill these vacancies and will be introducing our new staff members to you next week. Thank you for your ongoing support during this transitional period.

All the best.

Ben Ramsden
