

## Examination Results

Woodhey aims to give its students the means to achieve in life and do well. As a non-selective high school, catering for the whole ability range, Woodhey sets ambitious targets for itself. Achieving these targets for all students across the ability range is the highest priority for the school. Trends in results will vary slightly because of the nature of the intake of students – however we always celebrate the high numbers of students staying in Education or going on to employment.

**Please note, 2020 and 2021 results for students were centre and teacher assessed grades; this information is not shown below due to the cancellation of examinations during the COVID-19 pandemic.**

Student Success	2022	2019	2018	2017
Average Attainment 8 Score	5.4	4.8	4.8	5.0
Average Progress 8 Score	-0.13**	-0.08	-0.07	-0.17
