Nurture, Inspire, Achieve!

NEWSLETTER

As we move into the festive season, I'm delighted to share an update full of positivity and plans for the remainder of the term. At the heart of our school, we believe deeply in our motto: **"Nurture, Inspire, Achieve"** — and I'm proud to say that this ethos is very much alive in our classrooms and beyond.

This term we have placed a special emphasis on **writing and handwriting**. I'm thrilled to report that the children have worked extremely hard. Whether they're drafting stories, polishing their handwriting, or learning to use a neat, joined script, the improvement is clear to see. Their pride in presenting their work to a high standard is a joy to witness. Well done to all our learners!

There is *so much* great learning happening across the school. Our children are engaged, curious, and showing real progress — it's a pleasure to walk around and see the classrooms buzzing with purposeful activity. From hands-on science experiments to creative art work, the enthusiasm is contagious.

Don't forget to keep your eyes peeled on our school's Facebook page — we're posting lots of up-dates: photographs of events, learning highlights, reminders and more. It's a great way to stay connected and to see your children in action throughout the year. Taking into account the Parent Survey from the Summer, we aim to continue to improve our communication with you. If you feel there are ways in which we can do this, please come and talk to us— your feedback is invaluable.

Thank you for your ongoing support — it's very much appreciated by the whole staff team. Together, we will continue to 'nurture' our children as they grow, 'inspire' them to reach higher, and help them 'achieve' their very best. Wishing you a joyful run up to Christmas and looking forward to seeing you at many of the events ahead.

Cadent Gas Safety Assembly

Friday 14th November 2025

Mr Street came in to see us today to talk about 'Gas Safety' and the work that Cadent Gas do. We learnt lots about the work of Cadent including the pipe and road works, ways in which gas gets to our homes to heat our boilers and what the gas engineers can do to help us stay safe. We learnt that gas smells like rotten eggs and even had a go at a "scratch and sniff" in assembly! Cadent Ted visited us to show us all of the different jobs Cadent do and teach us that if we smell gas, to tell an adult straight away— if we "See it, tell it"- that was our motto of the day! Thank you very much to Mr Street for giving up his time to come and teach us some really important life skills and thank

you to Cadent Ted for sharing how to keep safe around Gas and road works too. The children all came home with gift bags, given to us by Cadent including a special booklet and colouring pad.

Christmas Tree Decorations!

Every year we invite our pupils to bring in or create their own ornament to add to the school's tree. It's a wonderful way to come together, strengthen our community and celebrate the festive season as one. Please bring these in before 1st December. Please do not buy fancy new ones—a toilet roll painted with some added cotton wool and a biro smiley face for Santa is perfectly acceptable!

School Council's first meeting

Our school council has met for their initial meeting and the children have done a fantastic job of representing their peers. They have discussed ideas for School Events to get us know in the wider community, as well as sharing suggestions on how we can further improve our Writing. It's wonderful to see such responsible and thoughtful leadership from our pupils.

**Thank you to those
of you who were able
to take the time to
sort through items at
home for our
Rags2Riches
Collection.**

Switch off Fortnight—Monday 17th to Friday 28th November

Our school is taking part in the Switch Off Fortnight 2025 campaign, organised by The Pod. This initiative is a fantastic opportunity for our children to take real action in saving energy — both in school and at home. Please see more information by looking at the following link. jointhepod.org

The campaign gives children the chance to lead the effort in reducing energy use and to monitor how effective their actions are. It fits neatly into our learning: linking to curriculum themes around energy sources, renewable power, and natural resources. By joining schools across the UK, we're helping our children understand the bigger picture of environmental responsibility and sustainable living. School Council will monitor our screen, light and switch usage throughout the next two weeks and celebrate successes and inform us of ways to further improve our energy use.

At home, you might notice conversations about turning off lights, shutting down computers properly, and reducing “stand-by” power — these habits matter. We'll keep you updated through our newsletter and on our Facebook page with photos, tips and results, so you can support the children's efforts and share in their achievements.

We're excited to see the impact our pupils can make — nurturing a sense of responsibility, inspiring positive habits, and achieving meaningful change together.

Stars of the Week!

For: Perseverance on

14.11.25: Eine, Ann Marie, Sarth, Esmae, Zach, Huxon, Aurora, Heath, Albie and Hannah.

Well done, we are very proud of you!

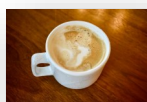

Please note:

Stars of the week are then celebrated at the end of each term in our final 'Celebration Assembly' to which parents are invited.

Chestnut Class Assembly

We sent out a Studybugs on 03.11.25 and on 14.11.25 to let parents know that Chestnut's Class Assembly is taking place on **Friday 28th November at 2:40pm**. Parents, families and friends are invited to come along and find out what our Chestnut class have been learning about.

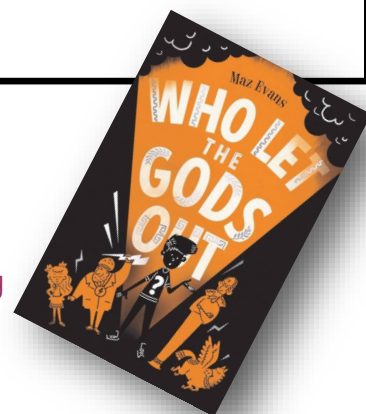

Don't forget our SEND Coffee morning

Friday 28th November at 9—10:30am

This term's SEND Coffee morning is all about **Managing meltdowns, overwhelm & emotional dysregulation**. Please ring the school office to confirm your attendance.

Sycamore class—apologies for cutting your paragraph off last time!

Sycamore Class have had a fantastic start to the term and have been busy learning across a range of exciting topics! In Computing, we have explored the importance of online safety, learning how to recognise false information and stay safe online, as well as beginning to understand how the internet and the World Wide Web work. In History, the children have been captivated by Ancient Greece — producing fantastic non-chronological reports on the gods and goddesses, and comparing the very different ways of life in the city-states of Athens and Sparta. In English, the class have impressed us with their incredible narrative writing inspired by *Who Let the Gods Out* by Maz Evans, using rich figurative language and vivid imagery to build suspense and bring their characters to life. **Excellent work everyone—keep it up!**
