Free Verse Poetry

Learning objective:

Today I am learning to write a free verse poem

Success Criteria:

I know I will be successful if -

I can explain what a free verse poem is

I can write my own free verse poem

I can include words from my grid yesterday in my poem

- Now let's draw on the language choices that struck a chord with you and place these in your worksheet grid. What other sensations might be triggered by being in such an environment and what words and phrases would best show this?
- Let's put these in the grid too...

<u>See</u>	<u>Hear</u>
<u>Feel</u>	<u>Smell</u>

What is a free verse poem?

Free Verse poems have no rhyming structure and often don't have a particular rhythm or syllable patterns; like their name suggests, they are simply 'free'.
