

Writing Challenge!

Around every two weeks, we complete a Writing Challenge – also known as a 100 Word Challenge.

This is used to see how much you remember and whether you can apply it in an interesting story.

You can choose any genre/text type such as another persuasive text or diary - as well as a story.

Ideas

- Only a small group of houses remained in the village. What had happened?
- As the night draws in, a wooden dragon could be seen slicing through the fog...
- A solitary lighthouse guarded the coast from invaders? Who could these be? Real people of fictional trolls/monsters?
- How many more of their men would fall before they gave up and returned home?
- Deep in the middle of battle, a brave soldier had an idea...Would he be able to save them?

You can use the **general** checklist provided that outlines Y4 expected features – especially those already covered.

Good luck writing warriors! We can't wait to read your stories on Class Dojo and continue to see the great progress you are making. Please remember to save in the named folder for today.
