

Data overview 2018

Key Stage Two 2018

In reading, 92% of pupils achieved the expected standard, which measured above national statistics. 31% achieved greater depth standard. Measures from KS1 to KS2 demonstrated that progress was above floor standard with an average scaled score of 107 and progress measure of -1.8.

90% of pupils achieved expected standard in writing, above national statistics. 30% achieved a greater depth standard. Progress from KS1 to KS2 was above the expected floor standards, with a score of 0.

In maths, 87% of pupils achieved expected standard, with 44% achieving greater depth standard. Both were above national statistics, as were progress measures from KS1 to KS2, with a score of 0.5. Maths had an average scaled score of 108.

84% of all pupils achieved the expected standard in reading, writing and maths – again above national statistics. 23% achieving greater depth standard in all areas which is in-line with national expectation.

Key Stage One 2018

At the end of Key Stage one, 88% of pupils achieved the expected standard in reading, with 33% achieving greater depth standard. We anticipate these results to again be above national statistics

Within writing 81% of pupils achieving expected standard and 31% respectively, which we anticipate to be above national statistics.

Attainment in maths was 79% of pupils achieving expected standard and 48% achieving greater depth standard, again anticipated to be above national statistics.

Phonics in KS1 2018

90% of our Year One pupils achieved the expected standard for phonics. This has continued to be above national statistics for at least the last three years.

For those pupils in Year Two, 93% of the cohort have achieved the expected standard in phonics, which continues to be above national statistics.

Good level of Development 2018

At the end of EY2 80% our cohort in 2018 achieved the standard.

This compares favourably to last year's national figure.
