

The Year of the Ox

The Chinese Horoscope

In Chinese culture, each new year is shown by one of 12 animals. This tradition dates back thousands of years and started with a story. Because it is an old tale, there are many different versions of the story. Some versions have the Jade Emperor as the main character and others have Buddha. However, all of the stories are very similar and contain the same 12 animals. One version of the story tells that Buddha asked all of the animals on Earth to come and see him but only 12 animals answered his call. Buddha repaid them by giving each one of these animals their own year in the Chinese **zodiac cycle**.
