

## How do Night and Day Occur?

### Introduction

-Introduce your explanation text and say what you will be explaining. Include some interesting information/comments of your own to engage the reader. This should be 2-3 sentences long.

### Main Section

-Clearly explain how night and day occurs in one good-sized paragraph.

-Include lots of detail and use the connectives/adverbials on the word mat (e.g. time connective such as '*Firstly*' and causal connectives such as '*this means*').

-Draw a diagram to show how day and night occur. Make sure to label the different objects, use arrows and include colour if possible. There is a picture box below if you need one.

### Conclusion

-Finish your explanation text with a closing statement. This should be 2-3 sentences.
