

Key Stage 1 Music - Sounds of the Islands

Watch the video of a lonely volcano on a tropical island in the Pacific. It is called "Lava" and features lovely music.

Here is the link

<https://youtu.be/uh4dTLJ9q9o>

The song words are featured in the video for you to sing along to!

The instrument used in this song is a **Ukulele** which is a small instrument with 4 strings. It originally comes from Hawaii which is a tropical island and a state of the U.S.A. We have lots of them in school of different colours.

Below is a picture of a Ukulele for you to print off and put your own colourful design on! (Both front and back)

Here are some ideas. Can you think of any of your own?
