

Jack, Alex and Amir jumped a total of 12.69 m in a long jump competition.

Alex jumped exactly 200 cm further than Jack.

Amir jumped exactly 2,000 mm further than Alex.

What distance did they all jump?

Give your answers in metres.

Dora made a stack of her magazines.

Each magazine on the pile is 2.5 mm thick.

The total height of the stack is 11.5 cm high.

How many magazines does she have in her pile?
