

## Sumdog Information

As your child uses Sumdog, the questions will be personalised to their level, helping them progress through the curriculum. They're mixed with revision questions, to practise what we've already covered.

### How to login

All children's login information for 3AS and 3SR is attached in the spreadsheets in this email. They must use their given **username**, **password** and **school code (yps)** login.

Challenges may be set by your class teachers and timed for completion. All progress on sumdog can be monitored by the teachers to help keep you on track!

### Get your child started on Sumdog

Download the app - you can use Android tablets or phones, iPads or iPhones, or Amazon Kindles.

Use a computer - Sumdog works on all modern browsers. **Simply go to [www.sumdog.com](http://www.sumdog.com) and log in with the login information we've given you.**

You can also get a free Sumdog parent login, to help you keep in touch with your child's efforts on Sumdog.
