I say...      It's rather...      I shall/shan't...      We ought to...      Indeed...  
Oh, how horrid/beastly/marvelous/splendid/odd it all is!      I do hope/hate...  
...I dare say!      What a fine old mess this is!      We simply must...      Certainly...  
Whatever on Earth...?      ...for heaven's sake!      Darling/Dear...      Oh, poor...  
Wouldn't it be jolly if...?      I love it/hate it so when...      This business is truly...  
It's perfectly frightful that...      What a damn nuisance this... is!      Of course...
