

Dear Children,

DATE 22/1/21

We are sharing your learning challenges with you to do at home. We expect that you will complete maths, reading and writing work each day just like you would in school. We would like you to complete the work as best you can, remembering that we expect 'beautiful work'.

We will send you your learning the evening before so that your parents can plan the day with you. Please upload your work via **Class Dojo by 2pm**, so we can see how you're getting on and provide you with feedback. After this time, we would like you to complete a further challenge linked to our topic.

If you cannot access the learning online, please get your parents to tell your teacher as soon as possible, so that we can find a solution.

	Maths	Reading	Writing	OTHER SUBJECT AREA
Friday	<p>Please use the pdf 22.1.21 Arithmetic and challenge pdf for the place value starter, Flashback 4 and then the Barvember challenge (the children will know which Barvember problems they usually attempt.)</p> <p>Children are to complete the Arithmetic test pdf questions.</p> <p>They can then watch the White Rose Maths video 'Day 3 –wrap up warm' or follow along on the 22.1.21 Day 3 – Wrap up warm Challenges slides (both options show the questions). If you are using the slides,</p>	<p>For your reading today, we will be expecting you to do 30minutes reading from a book of your choice (how kind). In addition, we will send the PDF of a comprehension about The Queen, this must be completed and marked by yourself. The stars on the bottom of the sheet indicate the difficulty, (1 = easy, 3 = difficult) similarly to your maths work in school we let you decide your level of challenge, but please just complete 1, not all 3!</p>	<p>Today year 6 you will complete your setting description – try to use powerful adjectives and create a clear, strong image of the cave...</p>	<p>PSHE</p> <p>We would usually be starting to have discussions about the transition to secondary school at this time of year and our initial thoughts around this.</p> <p>Can you think of some questions that you have around transition? What would you like to find out? Is there anything that is worrying you about transition? What are you looking forward to? Record your thoughts around this and we can use this as a starting point for our transition discussions.</p>

	remember to stop on the slides that say 'Have a think,' as these show the questions (after which come the solutions). https://whiterosemaths.com/homelearning/year-6/activity-week/			
Daily challenge / Did you know?	The word marathon comes from Ancient Greek – a man once ran 26 miles to pass a message on and died on the spot after he'd delivered it.
