

Dear Children,

DATE 5/3/21

We are sharing your learning challenges with you to do at home. We expect that you will complete maths, reading and writing work each day just like you would in school. We would like you to complete the work as best you can, remembering that we expect 'beautiful work'.

We will send you your learning the evening before so that your parents can plan the day with you. Please upload your work via **Class Dojo by 2pm**, so we can see how you're getting on and provide you with feedback. After this time, we would like you to complete a further challenge linked to our topic.

If you cannot access the learning online, please get your parents to tell your teacher as soon as possible, so that we can find a solution.

	Maths	Reading	Writing	OTHER SUBJECT AREA
Friday	<p>Please use the pdf <b>5.3.21 Arithmetic and challenges</b> pdf for the units conversion starter, Flashback 4 and then the Problem of the day challenge.</p> <p>Children are to complete the <b>Arithmetic test pdf</b> questions.</p> <p>They can watch any of the White Rose maths home learning videos to support the answering of different questions. <a href="https://whiterosemaths.com/homelearning/year-6/">https://whiterosemaths.com/homelearning/year-6/</a></p> <p>The challenges this week can be accessed from this link. Once children,</p>	<p>For your reading today, we will be expecting you to do 30minutes reading from a book of your choice (how kind). In addition, we will send the PDF of a comprehension about Charles Babbage. Once you've completed your comprehension, please mark it with the answers underneath.</p>	<p>Please complete your setting description – then check and edit!</p>	<p>Music See Mr Newton's Harry Potter music lesson – work through the tasks – enjoy!</p>

	enter their answers it will let them know if they are correct and if they are incorrect, it will explain the correct answer. <a href="https://www.bbc.co.uk/bitesize/articles/zfpfp4j">https://www.bbc.co.uk/bitesize/articles/zfpfp4j</a>			
Daily challenge / Did you know?	How close can you get to the target number of 562, using these numbers: 50, 25, 8, 6, 5, 2 ?
