

Dear Children,

DATE 11/2/21

We are sharing your learning challenges with you to do at home. We expect that you will complete maths, reading and writing work each day just like you would in school. We would like you to complete the work as best you can, remembering that we expect 'beautiful work'.

We will send you your learning the evening before so that your parents can plan the day with you. Please upload your work via **Class Dojo by 2pm**, so we can see how you're getting on and provide you with feedback. After this time, we would like you to complete a further challenge linked to our topic.

If you cannot access the learning online, please get your parents to tell your teacher as soon as possible, so that we can find a solution.

	Maths	Reading	Writing	OTHER SUBJECT AREA
Thursday	<p>The White Rose Maths videos have warm up and practise questions which can help support the children's learning. There are two videos linked to today's lesson which can be found in the link below (Solve simple one step equations and Solve two-step equations): https://whiterosemaths.com/homelearning/year-6/spring-week-6-number-algebra/ Please use the pdf 11.2.21 Solve one and two step equations pdf for the arithmetic, Flashback 4 and then the Problem of the Day challenge.</p>	<p>For your reading today, we will be expecting you to do 30minutes reading from a book of your choice (how kind). In addition, we will send the PDF of a comprehension about the World Book Day; this must be completed and marked by yourself. The stars on the bottom of the sheet indicate the difficulty, (1 = easy, 3 = difficult) similarly to your maths work in school we let you decide your level of challenge, but please just complete 1, not all 3!</p>	<p>Today year 6 you will be completing your report – remember to edit and check your work throughout! It's your last piece of writing for the half term so make sure it's up to scratch!</p>	<p>ART</p> <p>Please follow the Greeks fashion slides.</p>

	<p>The next step is to complete the activity sheet Thursday 11.2.21 A or Thursday 11.2.21 B. After that, the children can then choose the problems to solve from Problems A, B or C. They can now go back to the Plenary 'True or False' question.</p>			
Daily challenge / Did you know?	How much of your reading challenge can you complete?			

Extra resources which you may find useful
