

Dear Children,

DATE 13/1/21

We are sharing your learning challenges with you to do at home. We expect that you will complete maths, reading and writing work each day just like you would in school. We would like you to complete the work as best you can, remembering that we expect 'beautiful work'.

We will send you your learning the evening before so that your parents can plan the day with you. Please upload your work via **Class Dojo by 2pm**, so we can see how you're getting on and provide you with feedback. After this time, we would like you to complete a further challenge linked to our topic.

If you cannot access the learning online, please get your parents to tell your teacher as soon as possible, so that we can find a solution.

	Maths	Reading	Writing	OTHER SUBJECT AREA
Wednesday	<p>Please use the pdf 13.1.21 Multiply decimals by integers pdf for the arithmetic, Flashback 4 and then the Barvember challenge (the children will know which Barvember problems they usually attempt.) The children can then follow the slides up to the 'Plenary' slide.</p> <p>The children can then watch the White Rose Maths video 'Multiply decimals by integers' https://whiterosemaths.com/homelearning/year-6/spring-week-2-number-decimals/ (The video may mention worksheet questions, please ignore this.)</p>	<p>For your reading today, we will be expecting you to do 30minutes reading from a book of your choice (how kind). In addition, we will send the PDF of a comprehension about Refugee week, this must be completed and marked by yourself. The stars on the bottom of the sheet indicate the difficulty, (1 = easy, 3 = difficult) similarly to your maths work in school we let you decide your level of challenge, but please just complete 1, not all 3!</p>	<p>Improve my paragraph and then start to write the first 2 paragraphs of your King Midas recount. Use the advice given – use your plan etc.</p>	<p>MUSIC – provided by our very own Mr Newton! The children will have to access this link: https://www.youtube.com/watch?v=TH3XZhU2wWM&list=PLXe5LXT2uIkAz_Cw-vdmOcBSU8WFnNjJV</p>

	<p>Children then choose to complete column A, B or C from the pdf. They then complete word problems A,B or C from Wednesday 13.1.21 Word problems for A, B and C.</p> <p>They then complete Problem A, B or C from the correct pdf.</p> <p>Once they have completed these, they can complete the 'Plenary' slide.</p> <p>(A reminder than B is harder than A and C is harder than B.)</p>			
Daily challenge / Did you know?	Did you know that about 1/3 of Ancient Greeks were slaves? If there were 9.6 million ancient Greeks how many were slaves?
