

# A

Find the output

1

Function	Input	7	4	5	12	14	8
<b>x6</b>	Output						

2

Find the output

4

Find the function and complete

3

5

6

Find the function and complete

Function	Input	3	15	8	7	12	6
	Output	9	45	24			

7

Find the input and complete

Function	Input						
<b>x4</b>	Output	20	24	4	32	8	48

8

Find the input and complete

10

Fill in the missing information

9
