

Writing Challenge!

Every two weeks, we complete a Writing Challenge – also known as a 100 Word Challenge.

This is used to see how much you remember and whether you can apply it in an interesting story.

You can choose any genre/text type such as another persuasive text or diary - as well as a story.

Ideas

- A major battle has begun – who will be the victors?
- As the night draws in, a wooden dragon could be seen slicing through the fog...
- A small group of local Britons were sick of attacks on their village and decided to protect it. They gathered all local warriors.
- How many more of their men would fall before they gave up and returned home?
- An Anglo Saxon king ordered a new attack on Britain, however the army knew that they weren't ready....

You can use the **general** checklist provided that outlines Y4 expected features – especially those already covered.

Good luck writing warriors! We can't wait to read your stories on Class Dojo and continue to see the great progress you are making.
