

Dear Children,

DATE 20.1.21

We are sharing your learning challenges with you to do at home. We expect that you will complete maths, reading and writing work each day just like you would in school. We would like you to complete the work as best you can, remembering that we expect 'beautiful work'.

We will send you your learning the evening before so that your parents can plan the day with you. Please upload your work via **Class Dojo by 2pm**, so we can see how you're getting on and provide you with feedback. After this time, we would like you to complete a further challenge linked to our topic.

If you cannot access the learning online, please get your parents to tell your teacher as soon as possible, so that we can find a solution.

Spellings

In school, we would normally look at them, read them and put them in a sentence verbally at the start of the writing session.

On an afternoon across the week, we would:

- write a list of all of them most days
- write them in sentences (sometimes dictated)
- discuss tricky parts of each word
- look, cover, say, write, check
- provide 3 possible spellings for the correct one to be selected
- check the children can say/write the spellings without support
