

## Yarm Primary

Year 1 **Enquiry Question: How do animals and humans change as they grow?**

Subject Specific Vocabulary			Sticky Knowledge
Baby	A very young child.	<p>For the following half term, our PSHCE topic will be around coping with change. We will explore changes animals and humans have made as they grow and how we will change and grow in the future.</p>	<p>All animals, including humans, have babies which grow into adults.</p>
growing changes	Changes in size and how we look. Something that is made different		
older	Lived for a longer time.		<p>Families exist in the animal world, as well as our own.</p>
adults	A person who is fully grown.		
growing up	Starting as a baby and changing to become an adult.		
jobs	Something you do in order to earn money.		
future	A later time, that has not happened yet.		
family	A group of one or more parents and children living together or related to each other.		
community	An area where lots of different families live.	<p>Identify job roles within families and communities and how we can achieve these as we grown up.</p>
