

PE Sports Premium spending summary 2020/2021

There are 408 children in school, based on this the school received total PE premium in the amount of £15,488.00. There was a carry forward of £4303.00 from the 19/20 academic year making a total of £19,791.00

The funding is used to support physical and mental development of all children.

Amount spent	How the money has been spent	Intent (What we were trying to do)	Effect on pupils' PE and sport participation and attainment (What happened)	How we will make sure/have made sure the improvements are sustainable
£570	Dodgeball club x 6 weeks	Develop physical and social skills in context of a game situation.	Children were able to access the club which allowed them to develop their social skills and apply them in a game context. COVID disruptions meant that pupils had missed out on significant opportunities to exercise, engage in team activities and develop co-ordination.	Sports club provision will be an ongoing need for the next 3 years as a minimum. Club coaches will provide feedback to the trained staff play leader who will enable pupil play leaders to provide other in school opportunities, such as at break time or lunch time.

Swimming outcomes for year 6:

Due to COVID 19 restrictions, swimming pools were closed and therefore children did not take part in swimming instruction or assessment.

Total spending: £570

Carried forward: £19,221

Due to COVID disruptions, much of the planned activities were put on hold and these have therefore been re-planned for the 2021/2022 academic year. See the spending summary for 2021/2022 for full details.
