

PE Sports Premium spending summary 2021/2022

There are 417 children in school, based on this the school received total PE premium in the amount of £8167.00. There was a carry forward of £19,221.00 from the previous year making a total fund of £27,388.00. The funding is used to support physical and mental development of all children.

Swimming: 12/60 Year 6 pupils swam 25metres when they were in Year 5 (20%)

Amount spent	How the money has been spent	Intent (What we were trying to do)	Effect on pupils' PE and sport participation and attainment	How we will make sure/have made sure the improvements are sustainable
£1636.22	Early Physical Development- RABO Taxi Trike (x2), RABO Pick Up (x2), RABO Runner (x2), Scooter Blue (x2), Scooter Green (x2) and Scooter Red (x2).	To facilitate a child's key development of social skills and improves their physical development from an early age.	This provided EYFS pupils with equipment for their outdoor games. It provided greater access to the physical development in the outside environment.	This additional boost to resources was needed to address lack of opportunities due to COVID 19 closures. Regular maintenance will ensure that the resources remain in good condition for years to come.
£1951.4	Dodgeball club x 6 weeks; Dance Bugs (Gymnastics) club x 12 weeks	Provide extracurricular opportunities to develop physical and social skills in context.	Children were able to access the club which allowed them to develop their social skills and apply them in a game context. COVID disruptions meant that pupils had missed out on significant opportunities to exercise, engage in team activities and develop co-ordination.	Sports club provision will be an ongoing need for the next 3 years as a minimum. Club coaches will provide feedback to the trained staff play leader who will enable pupil play leaders to provide other in school opportunities, such as at break time or lunch time.
£2006.40	Play leader training, time to move books, multi skills resources	Develop staff and children to lead their own organised games in the playground. To increase the proportion of children choosing to take up active games both during the school day and outside of school.	Children developed their knowledge and understanding of the importance of exercise to stay physically and emotionally healthy. They grew in confidence to implement games and activities in	The play leader is now fully trained and able to support new cohorts of pupil play leaders in the future.

			the school playground. The Play leader is	
£109.30	Misc. resources	Provide motivation for children to participate in extra-curricular activities / rewards and badges	Children were keen to take part in extra-curricular activities and asked for additional clubs to be made available for other year groups to enjoy. Children's confidence to try new sports and activities increased enabling access to a wider variety of experiences.	Children are developing independence and their ability to motivate themselves and others to continue to take part in physical sporting activities.
£495	Real PE subscription- Yearly cost for the PE scheme.	To develop and support staff subject knowledge in PE. To raise attainment in the PE across the whole school.	Provided staff with a simple and step by step primary PE scheme of work with lesson plans and support for staff to give them confidence and skills to deliver PE. The pupils will be monitored on their attainment by their class teacher. This will be collated to assess the effectiveness of the scheme.	The entire staff team are now fully trained and able to continue to deliver high quality PE skills with or without the scheme so if the funding was no longer available then the quality of PE lessons would not diminish.
£10,640	Lunchtime and afterschool club sessions.	To enable pupils to build their social skills in a team working setting. To encourage pupils to engage in teamwork and collaboration.	This provides pupils with the following sessions to take part in; football, cricket, basketball, netball and gymnastics. There is a greater number of children wanting to join in and take up sport at lunchtime club and they are able to make use of the skills they have developed in PE lessons.	Parents only need to pay a subsidised rate for the afterschool clubs so if the funding were not available then we could offer less sessions without increasing the cost to parents - this would enable future clubs to continue.

£300	Playground equipment- tennis balls, footballs and hoops.	To provide pupils with the opportunity to excel and independently practise the skills learned in PE lessons on the playground.	An increase in the number of pupils choosing to play with hoops and balls and showing the ability to use the equipment effectively.	To maintain the standard of the equipment there will be regular stock checks and replenishment as needed.
£695	Supply cover for PE coordinator to attend final day of 'RealPE' training, as well as release for staff to attend extra Real PE INSET.	To increase staff efficacy and enable staff to deliver high quality PE lessons to pupils across the school.	Greater confidence across the staff team in the delivery of PE lessons. Teachers will also be better able to assess skill development and identify where more in-depth practise is needed.	The staff will receive updated training on a two-year cycle, building on the skills they have already acquired. As their skills embed there will be reduced need for regular training.
£300	Transport to competitions and sporting experiences.	To enable pupils to take part in competitive sports. To encourage pupils to achieve a higher level of performance and develop dedication and commitment to sport amongst pupils.	Increased number of pupils are able to participate in competitions and take part in competitive sports and achieving at a higher standard.	In the future, pupils will continue to take part in competitions and sports events to utilise the skills learned in PE lessons.
£150	Central School Sports Partnership - Time to move planners (Additional booklets for Spring term)	To provide a resource to support pupil activity and enable them to track and monitor their activity levels outside of school.	Increase in the numbers of children reporting that they are being active outside of school. Class teacher to monitor their class's activity booklets on a termly basis.	Children will develop the habit of being more active and in time the paper booklets will not be needed.
£1620	Blackwell Adventure- Year 5 pupils	To provide opportunity for year 5 pupils to take part in outdoor activities. To promote pupils' self-management of and progression to their own set goals.	Pupils inspired to continue active outdoor activities outside of the school. Pupils motivation to participate in extracurricular sport increased along with additional pupil requests for outdoor activity experiences.	As the parents are used to contributing towards the event we could still offer the trip for half a day instead of the whole day if the funding were no longer available.

£419	Let's get fit- day visit.	To provide opportunities for pupils to learn new experiences and socialise - something many children missed out on in the last academic year due to COVID 19. This is an engaging workshop for each class, providing pupils with tips for keeping fit and healthy.	Pupils will have more enthusiasm towards PE and exercise. This will be measured and tracked through teacher assessment of pupil engagement and enthusiasm in PE lessons.	Teachers attending the visit will have developed their skills to motivate and remind children of the benefits of physical activity. They will be able to continue to do this even if the trip is not able to go ahead in future years.
