

Lenny our Dog Mentor

Hi my name is Husain and today I will be discussing my experience with Lenny our School Dog.

Lenny is a joyful and fun dog. I liked playing with him he made me feel happy, calm, excited too. I used to get Lenny's attention. To do this I would click my fingers, also I would teach him some commands.

If I threw a ball Lenny would go and fetch it, for him to drop the ball I would click my fingers and say "drop" and Lenny would drop the ball.

I really enjoyed playing with Lenny he is the best. Thank you Lenny.
